

FARMER SAYAPIN

**Sayapin
Family Farm**

What kind of dairy farm do we want to see in 20 years?

Everything is done by AI,
the human only handles emergencies

What kind of dairy farm do we want to see in 20 years?

Like this?

A mega-complex
on a large area

Or like this?

**Small business
with automation**

How does the consumer see it?

And what "image" should be formed

How does the consumer see it?

And what "image" should be formed

The image of a farmer

Attracting young people,
generational continuity

The image of a farmer

Attracting young people, generational continuity

Genetics of the future

Industrial and ecological directions of development

Feed preparation

Unmanned technologies, working conditions, and high-quality feed

Outsourcing of complex processes

Optimization of farm personnel

Software

Service

Veterinary

Feed center

We are ready to answer all questions and open for cooperation
